

GIFT VOUCHERS

Christmas, Birthdays & Special Occasions

For a really personal gift why not give or ask for a course of training as a special and unique gift.

Available at very favourable prices, there are a number of ready-made, gift voucher courses to choose from or have a bespoke course designed.

The Introductory taster sessions don't require possession of either a computer or digital camera - I will bring everything necessary along to the session.

Gift vouchers can be aimed towards an interest in Digital Photography or Creative Digital Art. I will be happy to put together a tailored package in digital photography or digital art or both.

Gift vouchers are available starting from a 2-hour introductory or 'brush-up' session through to 12 hours of custom-made course time.

Gift vouchers can be aimed specifically at using Photoshop Elements software or using your own digital camera, or a combination of both.

Popular gift vouchers have included: -

- Help setting up and using a new digital camera (with the actual voucher placed inside the new camera's box!)
- Starter lessons in Photoshop Elements
- Downloading & managing photos using Photoshop Elements Organizer
- Camera photoshoot projects & subsequent editing help
- Accompanied photoshoot
- Help getting prepared for a forthcoming holiday photoshoot
- Upgrading to the latest version of Photoshop Elements
- Good practice and critical appraisal
- Interpreting & developing photographs into artistic images

Gift voucher ready made courses: -

- **Digital Photography - Introductory walk-through tour of Adobe Photoshop Elements Image Editing Software** - I bring a large screen PC Notebook computer to show you the key features of the software and discuss what it has to offer you for digital photography (organising, editing & printing).

2-hour session £30

- **Getting you started in using your new digital camera** - I help check that your camera is correctly set up, introduce some of its modes, and discuss with you the key features of successful digital photography.

2-hour session £30

- **Getting you started in using Adobe Photoshop Elements software** - I help you check that your software is correctly set up and get you started on using your software to easily organise, store and access your photos on your PC, through to simple editing. This course has a different focus depending upon interests.

4-hour session £60

- **Creative digital art - Introductory walk-through tour of Photoshop Elements Image Editing/Art Software** - I bring a large screen PC Notebook computer to show you the key features of the software and discuss what it has to offer you as a creative artist (includes organising your images).

2-hour session £30

- **A Bespoke Course of lessons** tailored towards the use of image editing software and/or the use of your camera. If this includes accompanied photoshoots, this part of the course will depend upon suitable weather conditions etc. Bespoke courses can be aimed at a beginner, someone ready to move on or a more advanced digital photographer or digital artist.

6-hour (3-Lessons) Gift Voucher session £95

8-hour (4-Lessons) Gift Voucher session £120

10-hour (5-Lessons) Gift Voucher session £145

12-hour (6-Lessons) Gift Voucher session £175

Buying & Activating A Gift Voucher

Gift vouchers are only available for payment in advance.

There are two ways to order your Gift Voucher: -

- Send an email to digitalphotography@talktalk.net or digitalart@talktalk.net. You can do this direct from the website; click on CONTACT. Please indicate what gift voucher course you are interested in ordering. You will then be contacted to make the necessary arrangements etc.
- Telephone Bryan Webb on 01395-224015 to discuss and make the necessary arrangements etc. An answer-service is available.

The gift voucher service includes a personalised gift voucher with all necessary details about arranging dates and times for the lessons to suit the person receiving the gift.

Where do sessions take place & what will be needed?

All courses - except some photoshoots - will take place in the home of the person receiving the gift voucher.

Other than for the introductory 'walk-through' gift voucher courses, as appropriate, a PC, software and digital camera will be required.

More Information

This information can also be downloaded see [Freebies > downloads](#).

The website includes details of what specifications you might need for your PC to be able to run image editing software, information about digital camera reviews etc. Also, more information about how I conduct my courses. Feedback is also included from previous persons I have trained.

From the website, see [Training > Training rates for gift voucher prices](#) as well as other training opportunities.
